Course overview

NLP (Neuro-linguistic Programming) can benefit you and your delegates by enabling to achieve better rapport, understanding and empathy with those around you in all aspects of your life, but particularly when you are delivering courses.

This course shows you how to understand and appreciate NLP and how can you apply NLP techniques to radically enhance the design and delivery of your courses, with some simple techniques that you will be able to use immediately.

Throughout the course you will practise using your understanding of NLP techniques in various exercises you perform and in the course activities you will create.
